

New to HIP Garden Center...

4 Step MaxLawn Fertilization Program

We take the guesswork out of lawncare by providing you with the fertilizer you need - when you need it - for a thick, healthy lawn.

As part of this great new program you will also receive **20%** off lawn and garden equipment rental at the new HIP Rental Center. We have everything you need from aerators and dethatchers to spreaders and tillers.

Quality 4 step program starting at just \$51.99! **Call 507-775-6156 or stop in today for more info!

STEP 1

MAXLAWN Crabgrass Preventer

Apply March - Early May

- for control of crabgrass & control or suppression of many other annual grass & broadleaf weeds in established lawns.
- includes slow release nitrogen for extended feeding.

STEP 2

MAXLAWN Weed & Feed

Apply May - June

- use when weeds are actively growing.
- controls over 200 broadleaf weeds!
- thickens & greens your lawn with extended feeding nitrogen.

Free Broadcast Spreader Rental with Program Purchase!

STEP 3

MAXLAWN Lawn Food

Apply June - August

- Slow release nitrogen for a longer lasting green lawn.

STEP 4

MAXLAWN Winterizer Fall Fertilizer

Apply late August - November

- Specially formulated to maximize root building and winter hardiness.

Controls weeds while fertilizing your lawn with the perfect mixture of nutrients
